This document contains instructions for the installation of warning decals that were included with your unpainted or primer coated hydraulic cylinder. The warning decals alert persons to a specific hazard, the degree or level of hazard seriousness, the probable consequence of involvement with the hazard, and how the hazard can be avoided. APPLY THE WARNING DECALS ACCORDING TO THE INSTRUCTIONS AND SCHEMATIC FOUND ON THIS CUSTOMER DECAL INSTRUCTION SHEET AFTER CYLINDER HAS HAD THE FINAL COAT OF PAINT. Installation of these warning decals helps complete the duty to warn of the hazard of the product. Decal color, pictograms and wording are an important part of the message these decals convey. For questions and/or assistance concerning the warning decals please contact Prince Manufacturing at telephone no. 605-235-1220 or on the web at www.princehyd.com.

DECAL INSTRUCTIONS:
1. NO SCALE TO DECALS. SHOWN FOR REFERENCE ONLY.
2. POSITION DECALS AS SHOWN IN SCHEMATIC. IF DECALS WILL NOT FIT AS SHOWN OR WILL NOT BE VISIBLE IN APPLICATION AS SHOWN, REPOSITION THE CYLINDER WARNING DECAL TO ALERT PERSONS OF THE SPECIFIC HAZARDS OF THE PRODUCT.
3. APPLY CLEVIS WARNING DECAL, ITEM 1, (230010606) TO THE NUT SIDE OF CLEVIS.
4. DECALS INCLUDED FOR INSTALLATION WILL VARY BASED UPON CYLINDER IDENTIFICATION REQUIREMENTS SPECIFIED BY THE CUSTOMER.
5. WHEN DECAL #4 (230010684) IS NOT INSTALLED, DECAL #3 (230010685) IS TO BE INSTALLED IN ITS LOCATION. (SEE ALTERNATE VIEW IN LOWER LEFT CORNER)
